

Lateral Carbon flux in tidal wetlands: Filling in a key knowledge gap through a methods intercomparison and data synthesis (August 21-23, 2018)

Participant List

Iris C. Anderson
Virginia Institute of Marine Science,
iris@vims.edu

Inke Forbrich
Marine Biological Institution
iforbrich@mbi.edu

Heather Benway
Woods Hole Oceanographic Institution
hbenway@whoi.edu

Neil Kamal Ganju
U.S. Geological Survey
nganju@usgs.gov

Brian Bergamaschi
U.S. Geological Survey
bbergama@usgs.gov

Meagan Gonneea
U.S. Geological Survey
mgonneea@usgs.gov

Matt Bogard
University of Washington
bogard.matt@gmail.com

Maria Hermann,
Pennsylvania State University
maria.herrmann@psu.edu

Elizabeth Canuel
Virginia Institute of Marine Science and
National Science Foundation
ecanuel@vims.edu

David Ho
University of Hawaii at Manoa
ho@hawaii.edu

Bob Chen
University of Massachusetts, Boston
bob.chen@umb.edu

James Holmquist,
Smithsonian Environmental Research
Center
holmquistj@si.edu

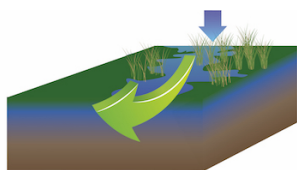

Kenneth Czalpa
Virginia Institute of Marine Science
kmczapla@vims.edu

Amanda Knobloch
Virginia Institute of Marine Science
alknobloch@vims.edu

Russell Feagin
Texas A&M University
feaginr@tamu.edu

Kevin Kroeger
U.S. Geological Survey
kkroeger@usgs.gov

Mai Maheigan
Woods Hole Oceanographic Institution
mmaheigan@whoi.edu

Lateral Carbon flux in tidal wetlands: Filling in a key knowledge gap through a methods intercomparison and data synthesis (August 21-23, 2018)

Participant List

Alana Menendez
City University of New York
alana.menendez@gmail.com

Maria Tzortziou
City University of New York
mtzortziou@ccny.cuny.edu

Julia M. Moriarty
U.S. Geological Survey
jmoriarty@usgs.gov

Nathaniel Westin
Villanova University
nathaniel.weston@villanova.edu

Christopher Osburn
North Carolina State University
closburn@ncsu.edu

Lisamarie Windham-Myers
U.S. Geological Survey
lwindham-myers@usgs.gov

Erik Smith
University of South Carolina
erik@belle.baruch.sc.edu

Zhaohui Aleck Wang
Woods Hole Oceanographic Institution
zawang@whoi.edu
